Great information.By Jennifer SheltonI truly enjoy reading a variety of books that shows me different and insightful views along my chosen path.This book was very informative, showing me yet another vision of the faith.With each writing and the author's take on things, gives me more and more

information that allows me to make my ideas and decisions on how I wish to walk. I do not recommend taking each book at its face value, accepting everything as written in stone. Instead, I allow all information in, and based on the varied readings, use them all as a whole, deciding what I feel is right for me. I would definitely recommend this book to anyone looking to broaden their horizons and looking to fill your need for more and more feeding of the soul. 1 of 1 people found the following review helpful.
