They are metaphysical interpretations of the teachings of Jesus, which are very powerful, when correctly understood.0 of 0 people found the following review helpful. Excellent spiritual readingBy Hailey TwainBook is easy to read and understand. Writer writes clearly and fits all education levels. Easy to comprehend without digging out the dictionary, yet intelligent enough to fit the professor. Very insightful. Glad I made the purchase. Plus three AAA's to the company that shipped it. Fast delivery and the book was in better shape than expected. They understated their self. Would do business with again and recommend to all viewers.0 of 0 people found the following review helpful. Life Changing BookBy WilsonThis is age old wisdom, that has been elaborated upon by such current pastors/authors such as Henry Wright (A More Excellent Way). You don't have to endorse some of Emmet Fox's more questionable beliefs (reincarnation) to appreciate and see why he was such a powerful influence on the early recovery movement (Alcoholics Anonymous).

Great children's book
