Herman W. Tull : The Vedic Origins of Karma: Cosmos As Man in Ancient Indian Myth and Ritual (Suny Series in Hindu Studies) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Vedic Origins of Karma: Cosmos As Man in Ancient Indian Myth and Ritual (Suny Series in Hindu Studies):

1 of 1 people found the following review helpful. Scholarly but meaty By Douglas Keller Definitely food for thought while taking a closer look at the evolution of the whole idea of karma, both within and outside of the Vedic context. (And the point is appreciated in the book, that whatever develops outside of the Vedic context, such as the ideas of the Sramana movement, including Buddhism and buddhist ideas of liberation and karma, ultimately get incorporated into the Vedic perspective, making the distinction ultimately less relevant and clearcut over time).
