John Gibson : The War on Christmas: How the Liberal Plot to Ban the Sacred Christian Holiday Is Worse Than You Thought before purchasing it in order to gage whether or not it would be worth my time, and all praised The War on Christmas: How the Liberal Plot to Ban the Sacred Christian Holiday Is Worse Than You Thought:

4 of 5 people found the following review helpful. The paper is worth more than the words. By Customer This book is a long string of opinions, with antisemitic undertones. Despite referencing actual court cases and events, absolutely no citation is given for any outside reference. The Christmas tree is named as a biblical christian symbol, alongside santa claus, and wreaths. This book is the print equivalent of a fake news article. I would rather freeze to death than seek warmth from this book by burning it. 4 of 6 people found the following review helpful. Useful if you have a wood stove or need to light your Christmas fireplace. By Son of Flintstone Munchausen This is the lump of coal you dreaded in your Christmas stocking from your childhood when you bought into Santa Claus. A call to a pitchforks and torches' parade during the Christmas season. The Grinch would be embarrassed at the smug entitlement (see the chapter on the hard sell episode in the Plano schools) theme contained in this too long short book. One might pick up this book as a joke (I did), but reading it gives the sense that the audience who might sympathize with the "outrage" contained herein are those kinda folks who are offended at others being offended. It should be titled, THE WAR AT CHRISTMAS. Recommended that one include a box of lucifers when using the book to start the kindling on those cold wintery nights. A one-star book with the extra star for the paper contained within. 0 of 1 people found the following review helpful. this book tells us how liberals want to take all ... By richard schmitt this book tells us how liberals want to take all references about god and country, out of the public. we should go back to teaching history, and let people make up their own minds about god and country. we need to look deep into our scholars teachings, as they think their way and thoughts, is the only way of thinking. our children need to know they have a choice.

In the United States of America, a nation overwhelmingly Christian, literally any sign of Christmas in public can now lead to complaints, litigation, angry protests, threats, and bruised feelings. Every year the limitations get tighter and tighter and spread to more and more communities, far from the big liberal cities. And as Fox News Channels John Gibson reveals in this shocking expos, its not happening by accident. Secular liberals say theyre just protecting the constitutional rights of non-Christians who dont want to see or hear about Christmas. But what about the constitutional rights of millions of Americans who simply want to celebrate their traditional holiday without insulting anyone else but also without having to hide behind closed doors? Gibson unveils the coordinated work of American Civil Liberties Union lawyers, professional atheists, and Christian haters who have taken the war on Christmas to your front door. The War on Christmas is heating up, maybe in your own town. Dont let it catch you unprepared.

From the Back Cover "Mr. Gibson deserves great credit for calling attention to a growing problem." Michael J. Gaynor, Theconservativevoice.com "John Gibson, gutsy anchor of Fox News The Big Story, is to be commended for titling his latest book The War on Christmas, for as Gibson shows, the attempt by certain groups to prohibit Christmas displays is not simply an academic difference . . . but a desire by anti-Christians, to stamp out of society any reference to Christmas." Rabbi Aryeh Spero, Human Events Online "Gibsons book is an interesting read for all of us who are concerned that our rights to practice our faith in daily life are being eroded to such an extent that we must hide behind closed doors to celebrate a traditional holiday." Stephen Strang About the Author JOHN GIBSON hosts Fox News channels The Big Story with John Gibson, a one-hour program that provides in-depth coverage and analysis of the days major news. Hes a former anchor and reporter for NBC News, CNBC, and MSNBC, and the author of Hating America. Gibson is an anchor for Fox News.
