**Roy Matthews, DeWitt Platt, Thomas Noble : The Western Humanities, Complete** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Western Humanities, Complete:

0 of 0 people found the following review helpful. Four Stars By Saul Morfagood book 0 of 0 people found the following review helpful. Easy to Read By Jordan Perfectly written! 1 of 1 people found the following review helpful. Review of Western Humanities By Julie This textbook contains a comprehensive study of the literary, artistic and historical aspects of the great civilizations from the beginning of time. You not only learn about the geographical locations but also about the cultural, religious, scientific discoveries of the time. Great names are also introduced as well as their works. The delivery of this text was prompt - unlike other deliveries I experienced. Julie

Chronologically organized, The Western Humanities presents the cultural achievements of western civilization--art and architecture, music, history, literature, philosophy, theater, film and the other arts--within their historical context.

By examining the historical and material conditions that influenced the form and content of the arts and humanities, the authors provide students with a clear framework, a deeper understanding of the meaning of cultural works, and a broader basis for analyzing and appreciating the cultural achievements of the West. Hundreds of illustrations bring the arts and humanities to life, while extensive pedagogy consistently asks students to think about, interpret, and apply the information throughout the text and at the end of each chapter.
