From World Almanac Books : The World Almanac and Book of Facts 2017 before purchasing it in order to gage whether or not it would be worth my time, and all praised The World Almanac and Book of Facts 2017:

12 of 13 people found the following review helpful. Good info, tiny print By Etienne Esteban It's crammed full of information, which I expected because I've bought previous editions. The print is so darn tiny though. I guess that's necessary in order to keep it to one volume. The tiny print makes it difficult to read. If you are a political junkie, it has county-by-county results for the 2016 election. I like having a lot of information on a variety of topics at my fingertips. 5 of 5 people found the following review helpful. Love it! By Ayjude Even as easy as google is, I love this

book! Get the new volume every year and give the older version to someone who was proved wrong by its contents. Even a great bathroom reader. 4 of 4 people found the following review helpful. Print too small. Less than 7 font. By Carla Tiny tiny print! Good content if you can read it. Thought they would have corrected this problem from last year. Order a magnifying glass if you get this.
