**Ellen Carol DuBois, Lynn Dumenil : Through Women's Eyes, Volume 2: Since 1865: An American History with Documents** before purchasing it in order to gage whether or not it would be worth my time, and all praised Through Women's Eyes, Volume 2: Since 1865: An American History with Documents:

1 of 1 people found the following review helpful. Not what I had hoped for...By erin chisholmAlthough this text provides a wealth of American history, it does only an average job of providing the reader with true female perspective of that history. Students will struggle with how to properly study chapters for class testing. Some terms, like the use of "Indian" in regards to Native Americans, are antiquated. The reader is left with the feeling that women did not contribute enough to American history to merit a story outside of the male experience.1 of 1 people found the following review helpful. Excellent read for a college book!!By AbbieExcellent read for a college book!! It has interesting stories, pictures and examples of important dates and times in history. It was actually very fun to read. Highly recommend. This is one of the only text books throughout my college career that I plan on keeping.0 of 0

people found the following review helpful. Five StarsBy Stephanie RabiolaGreat book.

Synthesizing the best and most current scholarship, *Through Womens Eyes: An American History with Documents* is a widely admired, ground-breaking text. The first to present a narrative of U.S. womens history within the context of the central developments of the United States and to integrate written and visual primary sources into each chapter through its signature docutext format, it is perfect for teaching history as a dynamic process of interpretation. With its focus on women from a broad range of ethnicities, classes, religions, and regions, *Through Womens Eyes* more than ever helps students understand how women are an integral part of U.S. history.
