For the book of 2005 that you're referring to, isn't this book a reflection for the whole year of 2005? I would assume that it is, based on the title and what I've purchased in the past. I feel the Time Annual books "The Year in Review" is a great gift for any child...its a keepsake of what was going on during the year that he/she was born. I love these books.4 of 4 people found the following review helpful. Not a full yearBy OreadsIt's odd that this book comes out in February 2005 yet still fails to capture some important events of 2004, most notably the Asian tsunami disaster.

Relive the momentous year that was as reported by Time's unparalleled worldwide staff of journalists and photographers. Includes memorable photographs, informative graphics and maps, and gripping minute-by-minute accounts.
