This is a great addition to my collection.1 of 3 people found the following review helpful. Life ~ Year in Pictures ~ Below AverageBy Christina BatesI started collecting "Life ~ The Year In Pictures" in 1985 and looked forward to the annual edition. In recent years, I feel the change to hard-cover has lost some of the originality of the earlier issues. As with everything, the cost increase does not equal the increase in quality; the quality of early issues is gone. I miss the old "Life" and much prefer the magazine

format. It seems that as this publication grew in popularity, it was issued later and later each year (missing one year altogether) and now we have an "editors idea" of what happens when you fix something that isn't broken. Very disappointing in recent years! 1 of 1 people found the following review helpful. Great Gift for Grandkids By HSC It is a great book to review the "major" events of a given year with good text and photos. I give one to each of my grandchildren with a personal note on what I observed about each one for that year.

Relive the momentous year that was as reported by Times unparalleled worldwide staff of journalists and photographers. Here, in memorable photographs, informative graphics and maps, and gripping minute-by-minute accounts, is the story of a remarkable year.
