Everyone always loves how unique a gift it is. I couldn't wait to purchase it when my son was born in 2013, but go figure they didn't make one that year :( So disappointed, but regardless these are great to have. I believe they were made as far back as 1996? Also known as Life the Year in Pictures so feel free to go back and find them for yourself and others. The older they are the better deal you seem to get on them. 0 of 0 people found the following review helpful. Not 2012 By Dragon Irish I have one main gripe.

I didn't pay attention but this book is the TIME Annual 2012 book, but it's about 2011! It's okay for 2011, but I expected from the title 2012. I also ordered Life 2001 Album at the same time. Guess what? 0 of 0 people found the following review helpful. interesting By Curious Pebblevery interesting. great ship time. we all enjoy the pictures and stories in time books. they remind you of the past year.

Relive the momentous year that was 2011 as reported by TIME's unparalleled worldwide staff of journalists and photographers. Here, in memorable photographs, informative graphics and maps, and gripping minute-by-minute accounts, is the story of a remarkable year.
