**Tony Allan : Titans and Olympians Greek Roman Myth** before purchasing it in order to gage whether or not it would be worth my time, and all praised Titans and Olympians Greek Roman Myth:

2 of 2 people found the following review helpful. For the Person Who Thinks They Know Everything on This Subject! By L. Long This is not a novel as seems to think; this is a description of the gods and goddesses of Greek and Roman myth. I am quite fond of this subject, and I thought I knew pretty much everything there is to know about it; but I found some things in the book that were new to me. (Like the name of Cupid and Psyche's daughter, I didn't even know they \*had\* a child.) I would strongly recommend this book to anyone who is interested in Greek and Roman myth. 3 of 3 people found the following review helpful. Timelife's Myth and Mankind series By Peter Timelife has produced an excellent introduction to myths from around the world. Condensed text and numerous illustrations in every volume. Well worth the price. Highly recommended. 0 of 0 people found the following review helpful. A Hit With The Younger Crowd! By Dr. Jeff Anderson My grandson gave this book a high rating...very entertaining!

The ancient Greeks and Romans created the most enduring cultures known to humanity and a pantheon of gods who live on in some of the greatest myths ever told: of Athena, goddess of battle, of Dionysus, god of wine and fertility, and of Narcissus, who fell in love with his own reflection.
