Such an amazing story!!!By MatthewLet me start by saying that I don't finish 8 out of 10 books I start and when I do I usually take my time to finish. I could not put this book down! Anita's story is so captivating and the narration is perfect. It is a story of a young Jewish girl living in Germany at the dawn of the Third Reich up until and just beyond the final solution, Hitler's declaration to exterminate all Jews. She does an excellent job explaining the persecution both her family and those around her endured. She ultimately finds Christ and he serves as her light in a world that had grown so dark around her. Despite her unfortunate conditions, God provides miracles to her in so many ways that I constantly found myself tearing up as I flipped the pages. If you love Jesus, read this book! It will not disappoint.4 of 4 people found the following review helpful. Life on the Edge of Hell with your hand in Jesus' handBy Fiona McLeodA very heartwrenching tale of life in Germany during wartime. It is told by a young Jewish girl who had an Aryan father. So she did not "look Jewish". She was able to escape some of the worst things, but life was no less fearful. She lost many family and friends... was abandoned by her father at first and later her sister. She and her mother managed to get by, but it was a look at what life was like during wartime for the ordinary German and for those who were "caught in the middle" of the bizarre situation created by Hitler's hatred of all things Jewish or whatever he found to dislike about anyone or anything. The most amazing thing is that through the ministry of a local Pastor who was amazingly brave ... she and her mother found Christ and their relationship with Christ miraculously protected them or aided them many a time. Jesus walked through it all with them. I have never read anything from the point of view of a Messianic Jew in Hitler's Germany. Very much an education.5 of 5 people found the following review helpful. A new perspective to read of a woman's journey through the holocaustBy Kindle CustomerI enjoyed this book because it was written from a Christian Jewish perspective. This woman was Jewish but believed I. Jesus as her Messiah. Rather than blaming God for the holocaust she places the blame squarely where it belongs....Satan. often when talking to Jews about Jesus they bring up the holocaust and use that as a reason to not become a believer in Christ. However this book details the life of Anita who not only survived the war's horrors but does so with her faith renewed, and intact. There are many who do wrong and claim the name of Christ, and shame on them...but there are also many who are truly believers and were instrumental in saving countless Jewish lives. It's not just a book about the deliverance of the Jews at the war's end, it's a book about the deliverance of us all from the bondage of sin through the saving grace of Jesus Christ. For that alone is true freedom.

Be merciful unto me, O God, be merciful unto me: for my soul trusteth in thee: yea, in the shadow of thy wings will I make my refuge until these calamities be overpast. (Psalm 57:1) Anita Dittman was just a little girl when the winds of Nazism and Hitler's coming Holocaust began to blow through Germany. Raised by her Jewish mother, she came to believe that Jesus was her Messiah at eight years old. By the time she was ten, the war had begun. Suddenly Hella was racing down the street to meet me as I entered our block, panic and fear written all over her face. Her body shook visibly, and her face was contorted because she was about to break into tears. Curious people stared at Hella, but they kept moving, afraid to get involved. I sensed even before she spoke that disaster had struck our home. 'Mother's been taken!' she gasped. Trapped in Hitler's Hell is the true account of Holocaust horror but also of God's miraculous mercy on a young girl who spent her teenage years desperately fighting for survival yet learning to trust in the One she had come to love. In this inspirational story Anita tells her tale of miraculously survival during the terror of Hitler's reign when she was becoming a teen. First, her mother was picked up by the Gestapo and sent to a concentration camp--then Anita. God protected her during forced labor in a concentration camp and He made a way for her to escape and be reunited with her mother. This is a story of hope, survival, and God's miracles. Anita Dittman tells her powerful story of overcoming the horrors of Nazi work camps during World War II at groups across the United States in an effort to keep the memory of the Holocaust alive so we won't forget what sort of evil exists in the world. This updated edition includes a special author's note about how the world has changed since the first edition and how we need to continue to be diligent not to forget the atrocities against the Jews lest history repeats itself. Her message is to inspire good men to not sit idly by while dictators take control of governments and impose their will on the people.

The Trapped in Hitler's Hell film is brilliantly done and is a gripping personal account of confronting and surviving one of the greatest evil series of attacks that history has recorded. The coordination between the monologue and the film clips was a touch of cinematic expertise seldom seen. There were no special effects to dehumanize the work. The moving recollections were enough to carry the drama right to the heart of the viewer starting with me. I trust the book and film will be like an emotional hypodermic needle for America to awaken to the fact that the present leadership has placed the Western public on the cusp of the whole thing being repeated! --(Merv Watson, Israel)About the AuthorAnita Dittman, a Jewish believer since the age of eight, speaks to many churches and groups about her experiences in World War II Germany. Author lives in Minnesota. Jan Markell has authored nine other books. She is the director of Olive Tree Ministries, an informative, cutting-edge news ministry, and is the host of the radio show Understanding the Times on KKMS in Minneapolis. Ray Comfort is an internationally known evangelist and founder the Living Waters Ministries. He is the best-selling author of more than 70 books, including, Hitler, God and the Bible

and You Can Lead an Atheist to Evidence But You Can't Make Him Think.
