Buddhism: A Study of Chinese Mahayana Buddhism:

This book gives an interpretation of Chinese Buddhism in a manner which is lucid, thoughtful and sympathetic. Such points are brought out which show as to why Buddhism is incomparable in its philosophy. The book also helps in understanding the tangled web of Buddhist history by setting into relief the great ideas, both philosophical and religious, around the person of Amida who, as it were, concretises into himself all such human aspirations and hopes that are constitutive of existence in the world. This is a reprint of the 1928 classic.
