Anita Kumar : Turning the Page before purchasing it in order to gage whether or not it would be worth my time, and all praised Turning the Page:

A witness to devotionBy AbhishekThe book is written by a devotee and is a love story of her with her Guruji and his abundant grace and benediction in her life. It is not for a casual reader since it could invite a lot of sneers and skepticism. However, for those you have experienced and realize the sanctity and the strength of the Guru-Devotee bond, this is delightful read (though a little wordy in its writing style).

Turning the Page is not a fictional story, but a powerful real-life account of calligrapher and painter Anita Kumar's unconditional surrender to Guruji and how faith helped her triumph over the most testing decades of her life. In our day-to-day lives, we come across several people completely stressed out over situations far less challenging than what Anita had to endure at in levels. The absence of faith only compounds their lives, making [them vulnerable to the turbulences of the journey of life. However, the power and magic of faith lie dormant in each of us and need but the right touchstone to shine through and lead us to peace, love and compassion. Anita found her touchstone and anchor in Guruji, and thereafter, a new life. Undoubtedly, her experiences shall inspire several others to embrace Guruji's divine light that lead us away from darkness and despair to our own Inner radiance.
