hear, so we never forget the barbarity. God bless their families.

It was the darkest period of modern history, particularly if you were Jewish in Europe. That is where Garmaine Pitchon was when Hitler ascended to power and unleashed a diabolical scheme to annihilate the Jewish race. Follow along as Eli Gonzalez tells Garmaine's story in a vibrant, chilling, and compelling narrative. Always a rambunctious, curious girl, Garmaine found a way to not wear the yellow Star of David and got to experience more than most before the war. Garmaine experienced loss at an epic proportion. Her entire family was murdered, beginning with her grandmother, killed in her own grocery store by a Nazi officer who forced her to make him a sandwich as she walked over her just-murdered beloved grandmother's warm, flowing blood. Experience the horror of the 9-Day train ride to Auschwitz and become a first-hand witness to when it was only Nazi's and Jews and the veil was pulled off and absolute evil abounded. Yet, there is something about Garmaine's story, something divine that happened. What was meant to destroy her strengthened her. What was meant to stop her lineage became a force to help desperate mothers years after. When there is a divine purpose for your life and that of your family, no one and nothing can stop it.
