Great Textbook!By HJGot this for my Western Civilization class. This book has tons information but is very

easy to understand and read.

Based on the highly successful *A History of Western Society*, *Understanding Western Society: A Brief History* captures students interest in the everyday life of the past and ties social history to the broad sweep of politics and culture. Abridged by 30%, the narrative is paired with innovative pedagogy, designed to help students focus on significant developments as they read and review. An innovative, three-step end-of-Chapter study guide helps students master key facts and move toward synthesis.
