addressed in this book unfolds daily in the newspapers. 91 of 98 people found the following review helpful. Don't comment on geo-political issues if you haven't read this book. I'm sitting here reading this book now and it's the best background primer you can get on what is happening in today's news, what caused it, and what we can do about it. Any candidate for office would be well-advised to study it carefully for a deeper understanding of his or her own responsibilities. Amply footnoted, it withstands the critique of the skeptic and the praise of the patriot. I bought it for my family and sent it to my friends as a must read for such a time as this. 23 of 26 people found the following review helpful. Great as usual. Jay Sekulow has had great insight to world affairs for years. I've been a fan for over 10. Great book to share with my kids, educational, insightful, thought provoking. Thank you Jay Sekulow -again!

The New York Times bestselling author of *Rise of ISIS* exposes the dangers of radical Islam and the effects it has on the American way of life in this informative and eye-opening new book. In *Unholy Alliance*, Jay Sekulow highlights and defines the looming threat of radical Islam. A movement born in Iran during the Islamic Revolution in 1979, radical Islam has at its heart the goal of complete world domination. As this movement has grown, Iran has entered into alliances with Syria and Russia, leading to a deadly game of geopolitical threats and violence. Not only will you better understand jihadist terror, but you will also learn about Sharia law, a legal code that removes all personal liberty and is starkly incompatible with the US Constitution. All Muslims are required to follow Sharia in lands controlled by Islam. It is the goal of radical Islam to see Sharia instituted across the globe. If we are to combat radical Islam's agenda of domination, we must arm ourselves with knowledge. With carefully researched history, legal case studies, and in-depth interviews, *Unholy Alliance* lays out the ideology and strategy of radical Islam, as well as the path we must take to defeat it.
