From University Of Chicago Press : University of Chicago Readings in Western Civilization, Volume 8: Nineteenth-Century Europe: Liberalism and its Critics before purchasing it in order to gage whether or not it would be worth my time, and all praised University of Chicago Readings in Western Civilization, Volume 8: Nineteenth-Century Europe: Liberalism and its Critics:

0 of 0 people found the following review helpful. Good BookBy Taylor KHad some very interesting primary documents from this time period that really helped depict the 19th century in Europe.0 of 18 people found the following review helpful. Terrible and confusingBy Afld ManagerI got this book as part of a history course. It was just useless and I would not recommend getting this book unless you must absolutely have to. Its layout was terrible and confusing beyond belief. The times I had to use it were utterly dreadful. I gained nothing from it. Let me say again if you can avoid using this book do so.

The University of Chicago Readings in Western Civilization (nine volumes) makes available to students and teachers a unique selection of primary documents, many in new translations. These readings, prepared for the highly praised Western civilization sequence at the University of Chicago, were chosen by an outstanding group of scholars whose experience teaching that course spans almost four decades. Each volume includes rarely anthologized selections as well as standard, more familiar texts; a bibliography of recommended parallel readings; and introductions providing background for the selections. Beginning with Periclean Athens and concluding with twentieth-century Europe, these source materials enable teachers and students to explore a variety of critical approaches to important events and themes in Western history. Individual volumes provide essential background reading for courses covering specific eras and periods. The complete nine-volume series is ideal for general courses in history and Western civilization sequences.

About the AuthorJohn W. Boyer is the Martin A. Ryerson Distinguished Service Professor in History at the University of Chicago. In 2012, he was appointed to a fifth term as Dean of the College. A specialist in the history of the Habsburg Empire, he has written three books on Austrian history, including, most recently, *Karl Lueger (1844-1910): Christlichsoziale Politik als Beruf*.
