I think it should be one of the required reads for kids in school, they must know what happened during the Holocaust and benefit from reading this story. I am not Jewish, but I cried while reading the intro...this book is just that powerful, magnificent, and is a brilliantly told story. You MUST buy this and read it.2 of 2 people found the following review helpful. Until We Meet Again - a must-read bookBy Book ReaderA very emotional, moving story. Reading this book was like watching a movie. A story of a tragic time in history and the love that survived it. Was honored to have met the main character of this very personal story, in his later years--a glorious, charming, warm man. Only wish I had asked him to autograph my book before his recent passing.0 of 0 people found the following review helpful. OutstandingBy Robinson CruesoA well written heart wrenching saga of intrigue and miraculous survival

A true story of love and survival in the holocaust.
