William J. Murray : Utopian Road to Hell: Enslaving America and the World With Central Planning before purchasing it in order to gage whether or not it would be worth my time, and all praised Utopian Road to Hell: Enslaving America and the World With Central Planning:

39 of 40 people found the following review helpful. He clearly shows what happens to citizens when their leaders think they can create a perfect society: Millions die or live in stBy Franklin YorkUtopian Road To Hell is a must-read

for anyone who wants to understand progressives and their foolish desire to create a heaven on earth through social engineering. William J. Murray has provided the reader with a brief, but exhaustively detailed, survey of the history of Utopian political thinkers and leaders throughout history. He clearly shows what happens to citizens when their leaders think they can create a perfect society: Millions die or live in starvation and misery. Utopian central planning always leads to death, slavery, poverty, and cultural stagnation. Utopian Road To Hell reveals what life was like in ancient Sparta when every aspect of a person's life was controlled from birth till death. Murray also describes the devastating result of Sir Thomas More's Utopia on human history and how Utopian thinkers influenced President Woodrow Wilson, Franklin Roosevelt and other so-called progressives including Barack Hussein Obama. The result is always the same: Human suffering increases. Murray details the Utopian thinking of such ruthless dictators as Stalin, Lenin, Hitler, Mussolini, Pol Pot of Cambodia, Robespierre during the French Revolution and much more. He also describes the devastating social consequences of such cultural Utopians as Margaret Sanger, founder of Planned Parenthood, who believed in weeding out so-called inferior races. Sanger deliberately targeted blacks for extermination! This is a book well worth reading. It would be an excellent text for high school students to inoculate them against the leftist professors they will face in college. Frank York Hermitage, Tennessee 3 of 3 people found the following review helpful. Five Stars By George T. Garlock Excellent in all aspects! 1 of 1 people found the following review helpful. Four Stars By Joachim Kempin An excellent historical review of how utopian views of the world can damage society.

Utopian dreamers are deceived and deceiving. Their "fight for the people" rhetoric may sound good at first, but history proves egalitarian governments and the cultures they try to create destroy freedom, destroy creativity, destroy human lives, create poverty and misery, and often spread beyond their borders to bring others under slavery. Utopians believe that through their own personal brilliance a better society can be created on earth. When the belief in man as a creation in the image of God is completely rejected, the use of slavery and mass execution can be justified in the name of the creation of a utopian state for the masses. Pol Pot, Vladimir Lenin, Adolf Hitler, Joseph Stalin, Mao Tse-tung together these so-called visionaries through their fanciful policies are responsible for the deaths of millions of people. In Utopian Road to Hell William J. Murray, son of atheist apologist Madelyn Murray O Hair, describes the totalitarians throughout history and the current utopians who are determined to engage in social engineering to control the lives of every person on earth. From Marx to Hitler, Murray explains the progression of socialist engineering from its occultist roots to the extreme madness of the Nazis nationalistic racism. From Margaret Sanger's Planned Parenthood and Saul Alinsky's Rules for Radicals, the rebellious desire to be free from morality drives the at-any-cost campaigns such as abortion on demand, no-fault divorce, same-sex marriage, and overreaching government provisions. From Woodrow Wilson's living document distortion of the Constitution and his income tax to FDR's New Deal to Obama's executive orders, those who seek centralized power typically do so by proclaiming some utopian scheme that they claim will perfect mankind and eliminate competition, greed, poverty, and war. William J. Murray masterfully educates us on the utopians' swath of destruction throughout history and warns us of the dangers of present-day utopians fighting to hold power. We must heed the warning of George Washington when he said in his 1796 Farewell Address that it is important for those entrusted with the administration of this great and free nation, to confine themselves within their respective constitutional spheres, avoiding in the exercise of the powers of one department to encroach upon another. We must reclaim the freedom of the individual to avoid the continued path down the utopian road to hell.

"William Murray provides a unique perspective that should be read, particularly by America's youth, at a time central planners are once again promising utopian dreams at a cost to the most productive among us." -- Governor Mike Huckabee "Governor Mike Huckabee" About the Author William J. Murray is the chairman of the Religious Freedom Coalition in Washington, DC. For more than three decades he has been at the forefront of social conservatism. He has appeared on ABC, CBS, Fox News, and NBC News and has authored hundreds of columns, which have appeared online and in print. William J. Murray continues to work for the rights of Christians in America and persecuted Christians around the world and is the author of eight books.
