From Brand: US Naval Institute Press : Warship 2004 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Warship 2004:

0 of 0 people found the following review helpful. Another outstanding book in the on-going series with in-depth articles ...By david b. emdee Another outstanding book in the on-going series with in-depth articles on warship construction, modification and service life of some of the lesser known ships of the steam to modern era. Well written and researched.

This title is the 26th volume containing the usual diverse range of major feature articles devoted to the design,

development and service of the world's fighting ships.
