helpful. This work is highly recommended!!By Terry OutlawI really do appreciate the labor of the late Dr. Ben. This work is highly recommended!!8 of 11 people found the following review helpful. Black JewsBy MichaelVery educational about Black Jews and their suffering because of skin color. Part of African history and should be in all libraries. Only wish the author would have broke it down to be able to read better.

Dr. Ben destroys the myth of a "white Jewish race" and the bigotry that has denied the existence of an African Jewish culture. He establishes the legitimacy of contemporary Black Jewish culture in Africa and the diaspora and predates its origin before ancient Nile Valley civilizations.
