Margaret L. King : Western Civilization: A Social and Cultural History, Volume 2 (3rd Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Western Civilization: A Social and Cultural History, Volume 2 (3rd Edition):

0 of 2 people found the following review helpful. Books fine, delivery wait, torturousBy SayaI don't know who to blame, I suppose the US postal service. I forget when this book was actually shipped out but being from NY and knowing that the book was coming from just over the river, NJ, it took nearly a month to receive it. This was a torturous since I expected to be waiting no more than a week at most for it. Must admit, the condition of the book is good and nice that it comes w/ a CD/Audio disc.0 of 3 people found the following review helpful. Good ServiceBy CamkarI liked the service I received from this bookseller and will probably use them again when I need textbooks - which I will!!0 of 4 people found the following review helpful. I still have not received the productBy J. CookI bought

this product from the seller 1 month ago today, and still have not received it. I have tried to contact the seller by email twice, and have heard no reply.

This text explains why western civilization is worth knowing about. Taking a topical approach and stressing social and cultural themes, it asks, What is the West? and incorporates significant discussions of peoples and civilizations outside the boundaries of the West. Written by a single author, who understands the needs of typical college students, Western Civilization, 3/e is accompanied by rich visual images, numerous textual excerpts, provocative special features, and timelines, charts and maps that make the narrative even more accessible.
