I used an e-book of this text for a two-part college course a while back, and liked it so much that I decided to get a physical copy of it. I would recommend watching for it go on sale though, as it can be quite pricey. I got mine, new, for \$92. If you like History and want a text that goes from the beginning of recorded history to present day that has many insights into the daily lives of our ancestors, this may be the book for you.1 of 1 people found the following review helpful. Needed For HIS101/102By SamPlyA comprehensive textbook for Western Civilization. I learned a lot more than I anticipated to just from flipping pages. Many "extra" pieces of content that I have never seen in a textbook, like excerpts from famous writers of the period.0 of 0 people found the following review helpful. Best-selling WESTERN CIVILIZATION has helped more than one million users learn about the present by exploring the past. Jackson Spielvogel's engaging, chronological narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. The clear narrative of a single gifted author makes it easy to follow the story of Western civilization.

"Of all the texts that I have read and used, Spielvogel provides the best overall summary. It is more balanced than any other text and its straightforward chronological approach is most suited to introductory students." "I prefer Spielvogel to [other texts]. First of all, WESTERN CIVILIZATION has one author and reads better as a result. The reading experience is more 'seamless' for my students. [One text] didn't have enough detail, while [another text] had too much at times, or so my students claimed. Spielvogel has just the right balance." "Bay College adopts Spielvogel because it is 'THE' text for Western Civilization. Other texts are adequate but Spielvogel presents an INTRODUCTORY view that covers the Core Concepts. Spielvogel is not too political, not too religious, not too economy-focused." About the Author Jackson J. Spielvogel is Associate Professor Emeritus of History at The Pennsylvania State University. He received his Ph.D. from The Ohio State University, where he specialized in Reformation history under Harold J. Grimm.
