Youssef came over from Egypt and is now a naturalized American and has a radio ministry. He is a Baptist preacher. His book is a review of our social, church and political ills. Being a conservative Dr. Youssef has clearly written to show the evidence needed to correct our many ills is the cross of Jesus. Knowing the degrading shameful condition to which our culture has been reduced, and the debase deterioration in value or quality and the weakening of moral and ethical standards and character are a bitter reflection on our liberal politicians and voters that have given us our immoral culture. This book rates 5 stars. It is a short read. 10 of 10 people found the following review helpful. I felt like all the air was sucked out of me. By Customer To say this book is an "eye opener" would be an understatement. Mr. Youssef vividly shines the light on what we all know is happening, but want so desperately to ignore. The fact is, we can't ignore the "war" we're in. We must face it head on, and Mr. Youssef tells us exactly what we need to do. This is a MUST read! 1 of 1 people found the following review helpful. Very enlightening. By Ellen Schenk It was very good and contained a lot of information that Christians should be aware of that is going on in this country regarding Very good book and needs to be read by Christians to see what is happening in this country to Christianity.

The collapse of the Roman Empire occurred in a single generation and was not so much the result of invasions by their enemies, but the result of moral decay and internal corruption. Similar patterns are emerging in America and the elimination of the Christian cross is one of the most significant symbols of that cultural decay. Today, forces are at work to strip this "dangerous symbol" from public venues and to minimize its significance. Many Muslim leaders are convinced that when Christianity disintegrates it will create a spiritual vacuum in the West-and their extreme brand of Islam will rush in to fill that void. They believe that Western civilization will become so decadent that America will collapse like a house of cards. Dr. Youssef writes that Christians must stand up against these attacks and defend the cross as a symbol of the love and grace of God, and he provides a diagnosis of the insanity of the current culture and a prescription for restoring sanity to a world gone mad.
