From Martin Lauren Miller Joyce Goodare Julian : Witchcraft and belief in Early Modern Scotland (Palgrave Historical Studies in Witchcraft and Magic)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Witchcraft and belief in Early Modern Scotland (Palgrave Historical Studies in Witchcraft and Magic):

This pioneering collection concentrates on witchcraft beliefs rather than witch-hunting. It ranges widely across areas of popular belief, culture and ritual practice, as well as dealing with intellectual life and incorporating regional and comparative elements.

'This is an excellent collection of academic essays on various aspects of early modern Scottish witchcraft...Highly recommended as a serious research book for anyone who is interested in historical witch beliefs and practices in Scotland.' - The Cauldron Shortlisted for the 2008 Katharine Briggs Folklore Award
