Katherine L. French, Allyson M. Poska : Women and Gender in the Western Past, Volume 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Women and Gender in the Western Past, Volume 1:

0 of 0 people found the following review helpful. Great!By ThomasCame in decent shape, though a couple of chunks fell out after a week. Also came with highlights on some of the text, though that wasn't so bad: Everything was still legible and honestly helped out a bit for my class. All pages are accounted for and the content is as enlightening as it is interesting, which is to say, it contains all the history that middle/highschool classes didn't seem to bother with. This sort of text SHOULD be read before college-level classes, which is what I needed this for.0 of 0 people found the following review helpful. Five StarsBy Anne O'NeemThe best basic textbook for this subject and time period currently available.0 of 2 people found the following review helpful. This was for schoolBy donna quickThis was actually purchased for my daughters class at Montgomery College. It was very helpful. This is all I have to say

This two-volume survey of the history of women in western civilization spans prehistory to the present. While devoting attention to women of all classes, religions, and ethnicities, the text examines political, economic, intellectual, and social history through the lens of gender. The narrative emphasizes women's agency over oppression and makes cutting-edge scholarship in women's history accessible to a wide audience. Five major themes run throughout the narrative: the relationship between key historical events and ideas and women's lives, the history of the family and sexuality, the social construction of gender, cultural assumptions about women (versus their actual lives), and self perception and women's place in western societies. A rich collection of primary sources and biographies reinforces these themes.

1. Unearthing Gender in the Ancient Mediterranean, to 600 B.C.E. 2. Ancient Greece, 3100-150 B.C.E. 3. Women in Ancient Rome, 800 B.C.E.-200 C.E. 4. Gender and the Evolution of Early Christianity, 60 B.C.E.-600 C.E. 5. Women in the Early and High Middle Ages, 400-1200 6. Women and Urban Life: The Late Middle Ages, 1200-1500 7. Early Modern Europe, 1500-1700 8. Whose Enlightenment? Whose Revolution? 1700-1815 9. Women in the New Industrial Society, 1800-1900 10. Resistance, Revolution, and Reform, 1815-1900 11.
