**Peter N. Stearns, Michael Adas, Stuart B. Schwartz, Marc Jason Gilbert : World Civilizations: The Global Experience, Volume I (5th Edition) (MyHistoryLab Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised World Civilizations: The Global Experience, Volume I (5th Edition) (MyHistoryLab Series):

The primary goal of World Civilizations is to present a truly global historysince the development of agriculture and herding to the present. Using a unique periodization, this book divides the main periods of human history according to changes in the nature and extent of global contacts.This global world history text emphasizes the major stages in the interactions among different peoples and societies, while also assessing the development of major societies. Presenting

social and cultural as well as political and economic aspects, the book examines key civilizations in world history. *World Civilizations* balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact.
