I didn't know then, but everything seemed so good vs. evil and the Allies were the good guys. This book really made me take a closer look at what was going on behind what people were being told. I know the Allies were the good guys, but Stalin wasn't one of them. China's role also surprised me. I was so ignorant of so many things about this war. Very enlightening. 1 of 1 people found the following review helpful. World War 2 Day By Day By Sithlord This book gives you great detail of world war 2 by day and gives you dates and brief describes of what happened during the war. A good book for people that love history and enjoys reading about world war 2 or had a grandparent involved in the war. The dislikes about the product is the detail is brief and sometimes kind of short in detail. But overall this is a great item that everyone should have 1 of 1 people found the

The hardcover reference titles in the Day by Day series examine the evolution of wars in a chronological timeline, from the first skirmish to the last battle and everything in between. These books are a historical companion to each major war in the nineteenth and twentieth century. The fate of soldiers, battalions, armies, can change in the blink of an eyewith this comprehensive book readers can follow the conflicting sides in their strategy, weaponry, and policies.World War II Day by Day is a chronological history of the second World War from the beginning of the Polish campaign in September 1939 to the surrender of Japan in Tokyo Bay on September 2, 1945. All the major war theaters are covered, as is the fighting in the air and the sea. The dated entries, which are written as though they have just happened, thereby recapturing the immediacy of the war, analyze the major battles and campaigns of the war, such as Stalingrad, Kursk, Midway, D-Day, Iwo Jima, Okinawa and Berlin.Accompanying the entries in World War II Day by Day are longer features on various aspects of the conflict, such as the war's decisive weapons, strategic decisions, and policies. There are also biographical entries on the individuals who shaped and prosecuted the war in both Europe and the Pacific theaters: leaders such as Chamberlain, Stalin, Zhukov, MacArthur, Hitler, Manstein, and Eisenhower.
