Vol 2 Zen and the Art of Deprogramming - Letting Go of Social Engineering is the Zen edition of Vol 2 of the Lipstick and War Crimes Series by Ray Songtree. It includes the Zen, Christian, and Indigenous introductions to the previous Vol. 1 of series. She said: In this documentation, concerning one major Hollywood movie, it is clear that the CIA functioned as the principle partner in shaping the original script and its influence exceeded that which would have been filled by an aggressive producer or studio executive. Confused about the script? You won't be!
